

Services for Students with Disabilities

Service procedures and support units

Special Student Services Unit, Health Promotion and Career Section, Student Development Division, Kasetsart University

The Special Student Services Unit assists students with illnesses or health impairments — whether short-term, long-term, or temporary — so that they can pursue their studies on an equal basis under the curriculum. The unit is part of the Student Development Division of Kasetsart University.

The unit operates under the Persons with Disabilities Empowerment Act B.E. 2550 (2007), Sections 33 and 35, and the Education Provision for Persons with Disabilities Act B.E. 2551 (2008), standards that Kasetsart University has applied since the 2020 academic year.

Staff of the Special Student Services Unit are experienced in academic guidance, nursing, care for persons with autism, and rehabilitation counseling.

Mission

1. Building knowledge and understanding — preparing Individual Service Plans (ISP), counseling for students and related persons, and preliminary psychological assessment and screening
2. Educational subsidies for students holding a disability ID card
3. Providing facilities, assistive technology and media, and environmental adaptations to support education and daily life, ensuring equal access to teaching and learning
4. Learning, teaching, and examination services — study planning, registration, supplementary teaching, separate examination arrangements, monitoring and evaluation, and coordination with lecturers
5. Comprehensive development of student potential — social skills, academic skills, vocational skills, and student development projects/activities

More information: <https://sa.ku.ac.th/>

Activities and services provided by the unit

1. Analyzing how a disability may affect a student's ability to study, in order to identify appropriate assistance
2. Providing support services such as classroom assistants, assistive technology, and alternative media, together with advice on academic adjustments such as assignments and examinations
3. Referring students to other student-support units where necessary
4. Advising lecturers on their legal responsibilities relating to students with disabilities
5. Promoting understanding of disability issues within the university community

Service procedures: Support for students with disabilities, Faculty of Veterinary Medicine

Scholarships and Welfare Section, Student Development Division, Kasetsart University

Procedure

1. Register online at: <https://sa.ku.ac.th/download/>
2. Download the form from the website and have it completed by the attending physician
3. Make an appointment to submit the documents to the Scholarships and Welfare Section, Student Development Division
Location: Rapee Sagarik Building, Student Development Division, Kasetsart University · Tel: 02-118-0150-9 ext. 618500
4. Meet with a staff member to review the documents, discuss your needs, and undergo a preliminary eligibility assessment under the student welfare fund criteria

Educational Service Section, Faculty of Veterinary Medicine

Procedure

1. Contact the Educational Service Section (Student Affairs) to obtain a general request form
2. Have the form signed by your academic advisor and forwarded to the Program Administration Committee for consideration
3. The Program Administration Committee considers the support to be provided, or proposes alternatives
Examples of disability types: visual impairment · hearing or communication impairment · mobility impairment
4. Meet with the disability support officer (under the Educational Service Section, Student Affairs) to be informed of the Committee's decision
5. The officer consults the Special Student Services Unit to proceed along two possible paths:
 - Considering the feasibility of transferring to a faculty that better accommodates the student's studies
 - Arranging special services such as video clips with captions, separate examination rooms, ramps, wheelchairs, restrooms, and other services in line with the Special Student Services Unit's guidelines
6. The Program Administration Committee reports the outcome to the Faculty Board
